- 5. Poultry farming 💚
 - 6. Washing of rock material 🌃
 - 7. Common sand mining \
 - 8. Recreational activities
 - 9. Industrial operations ##
- 10. Ruminant livestock farming 🔷
- 11. Sewage treatment services 🚰
- 12. Water supply services 🌢
- 13. Solid waste management services

LICENSING REQUIREMENTS

AK

- Covers water discharge
- Required for all activities listed under ZDP
- Reporting based on quantified discharged water volume

ZDP

BP

- Covers pollution
 discharge from industries
 without an IETS
- Only required when discharge volume <60m³/day
- Focuses on pollutant concentration limits (e.g., BOD ≤6 kg/day)

APPLICATION & PAYMENTS

When to Apply?

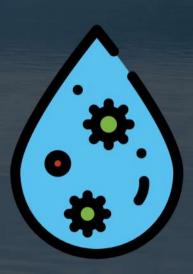

Submit application advised after receiving LUAS notification as soon as possible.

Payment Process:

- AK Based water quantity discharged per month
- BP Based on pollutant concentration compliance per month

TAKEACTIONE

Ensure compliance & protect Selangor's water resources

Sustainable water management starts with responsible discharge!
